

Customs Compliance Specialist

10/6/2009

Job Description

ThyssenKrupp is a global leader in carbon and stainless steel with a proven track record of innovation, corporate citizenship, social and environmental responsibility, employee safety, and customer satisfaction.

ThyssenKrupp Steel USA is seeking a **Customs Compliance Specialist** to assist with ThyssenKrupp Steel's developing mill operations in Calvert, Alabama.

Our Lead Specialist, Customs Compliance will:

- Define and implement internal processes and procedures to ensure compliance with US Customs regulations
- Maintain organization's compliance policy and monitor regulatory and legislative changes to ensure continued compliance
- Develop and oversee system integration with CBP
- Monitor documentation/information coordination to ensure accurate and timely filing with US Customs and other government agencies
- Verify accuracy of transactional information, such as invoices and other cost relevant documents
- Work with other departments to ensure corporate regulatory compliance of import/export functions
- Perform regular procedural audits and establish any applicable countermeasures
- Work closely with Logistics and Production Planning to ensure consistent product flow
- Work with external service providers to establish Supply Chain solutions and partnerships including service levels agreements
- Solve problems by considering courses of action within the framework of management goals and standard
- Provide input and support within contract negotiations

Job Requirements

Our Lead Specialist, Customs Compliance will have or demonstrate:

- Five to ten years in a Customs compliance role (preferably within a manufacturing environment) with experience in import/export process definition and execution.
- Undergraduate degree in Business, International Trade, or combination of education and related experience
- Customs Broker licence preferred
- Prior experience in a Customs compliance role, preferably within a manufacturing environment

- Ability to define and execute import, export, and FTZ business processes
- Working knowledge of CBP programs (i.e. C-TPAT, ISA)
- Strong IT skills and familiarity with CBP systems
- Excellent written and verbal communication skills
- Proficiency in MS Office products
- Customs Broker license
- Steel industry experience preferred
- SAP experience
- FTZ operational experience
- Experience with logistics and/or supply chain management
- Experience in managing a team of individuals
- An interest and ability to work at our site operations in Calvert, Alabama
